PROFESSIONAL SUMMARY

Self-motivated Full Stack Developer building production-ready applications using Next.js, NestJS, and PostgreSQL. Possess practical proficiency in designing scalable backend systems, developing REST APIs, and integrating AI features through end-to-end projects. Passionate about continuous learning, focusing on system architecture, complex data modeling, and delivering compliance-oriented software solutions.

TECHNICAL SKILLS

- Languages: TypeScript, JavaScript (ES6+), SQL
- Backend: NestJS, Node.js, RESTful APIs
- Database & ORM: PostgreSQL, Prisma ORM
- Security & Auth: JWT, Passport.js, bcrypt, Role-Based Access Control (RBAC)
- Tools & DevOps: Git, GitHub, Docker (Docker Compose), Postman
- Core Concepts: Data Modeling, Fuzzy Matching Algorithms, Interceptors, Data Seeding

PROJECTS

Sanctions-Guard – Independent RegTech Project

- Architected a scalable RESTful backend API using NestJS, PostgreSQL, and Prisma ORM to power a compliance screening platform.
- Implemented fuzzy matching algorithms (Levenshtein Distance) to accurately detect high-risk name similarities and variations.
- Developed an immutable audit logging system utilizing NestJS Interceptors to ensure tamper-proof historical records of all search queries.
- Secured API endpoints with Passport.js and JWT authentication, ensuring only authorized access to the screening engine.
- Processed and seeded real-world datasets from OpenSanctions into the database to test and optimize search query performance.

WORK EXPERIENCE

Gateway Management Logistics Inc.

Visa Operations Officer | June 2023 – September 2024

- Managed sensitive visa documentation and compliance workflows
- Ensured regulatory accuracy and data integrity
- Supported operational process coordination across department

Starbucks

Barista | July 2021 – June 2022

- Delivered customer service in high-volume environment
- Collaborated effectively within a team-based setting

EDUCATION

Istanbul University | Ongoing, since 2023

Associate Degree, Web Design and Coding

Karabuk University | 2014 – 2019 Bachelor's

Degree, International Relations
